High school exchange in France

SCHOOL EXPERIENCE

We place our students across France. Our students now have the opportunity to:

- either choose their destination: they list three larger regions of France (South-East, South-West, North-East, North-West) in order of preference and we will do our best to find the best possible match for them.
- or they accept to be placed in any region depending on where the best match is found.

Our host families are volunteer, all really enthusiastic to offer a warm welcome to the student. They look forward to learning more about the student's life in his/her home country.

The student will be given the chance to go to a French school – “collège” or “lycée” – with a host sibling or a neighbor (the French student and the participant may not be in the same class and may not even be in the same school, in rare cases).

SCHOOL SYSTEM

French secondary education is divided into two tiers: the “collège” for the first four years (Grades 6-9); and the “lycée” for the last three years (Grades 10-12). Completion of secondary studies leads

to the “baccalauréat”.

The school director makes the decision regarding grade and placement level for international students, taking into account the school organization, the students' transcripts and their French level. There are three available streams for Grades 11 and 12:

- Science with a focus on Biology, Physics and Math;
- Economics with a focus on Economics and Social Sciences;
- Literature with a focus on French, Philosophy, and Foreign Languages.

Graduation from French secondary schools is only possible after at least two years of studies in the French school system. Please note that we also offer international students the opportunity to attend a short term homestay and school integration program (from 2 up to 10 weeks). It has the same format as the exchange program but shorter.

INTENSIVE FRENCH COURSE

Students are encouraged to attend a non-mandatory intensive French course before school starts. The course takes place during the last two weeks of August, in our language center in Paris city centre.

Location : All over the country

Boarding : Full board

Accommodation : Host family

Length : Fall term / Semester / Academic Year / September to June / January to December

Type : Public and Private

International students will have the opportunity to live with a volunteer French host family and go to a local high school (Lycée) or middle school (Collège) like any French student.

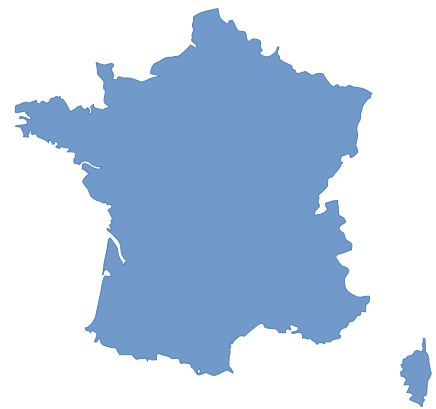

Students will see their French language skills improve quickly and efficiently due to the constant immersion in the French language.

Application deadline : March 31st for an arrival in August, October 31st for an arrival in January. Late application may be accepted, depending on availability and visa processing times. Limited numbers of spaces, please apply early. 3 months before arrival for stays up to 10 weeks.

Requirements : Students must be interviewed in their home country before being accepted on the program. A minimum of two years of French study (A2 Level) and good academic results are required.

PROGRAM	REF.	PROGRAM FEE
Public and Private <i>Fall term</i>	ZFT1V	\$4,300

HIGH SCHOOL PROGRAMS

High school exchange in France, Paris Area (English and Spanish native speakers)

SCHOOL EXPERIENCE

We place our students in host families living in the Greater Paris area (30 km from Paris city center). Students experience the everyday life of French students and discover the French culture while living with a host family and attending a local school.

In this area, our host families receive a payment in return for hosting an international student, due to the high living costs in the Paris area; however, they welcome a student as an additional member of their family, providing full board and support, and sharing their everyday life.

Students have access to various sports, music and art activities in town.

French secondary education is divided into two tiers: the "collège" (Middle school) for the first four years (Grades 6-9); tēw a{x "lycée" (High school) for the last three years (Grades 10-12). Completion of secondary studies leads to the "baccalauréat". The school director makes the decision regarding grade and placement level for international students, taking into account the school organization, the students' transcripts and their French level. Grade 10 offers a general curriculum. There are three available

pathways, for Grades 11 and 12:

- Sciences with a focus on Biology, Physics and Math;
- Economics with a focus on Economics and Social Sciences;
- Literature with a focus on French, Philosophy and Foreign Languages.

Graduation from French secondary schools is only possible after at least two years of studies in the French school system.

INTENSIVE FRENCH COURSE

Students are encouraged to attend a non-mandatory intensive French course before school starts. The course takes place during the last two weeks of August, in our language center in Paris city centre. It includes 40 hours of French lessons, half board accommodation in a student residence, airport transfers and guided visits, a local transportation card, 24/7 supervision and insurance.

We highly recommend this course to our students so they may be better prepared for their school year in France, especially if their French level is limited.

Location : Paris Metropolitan Area

Boarding : Full board

Accommodation : Host family

Length : Fall Term / Semester / Academic Year

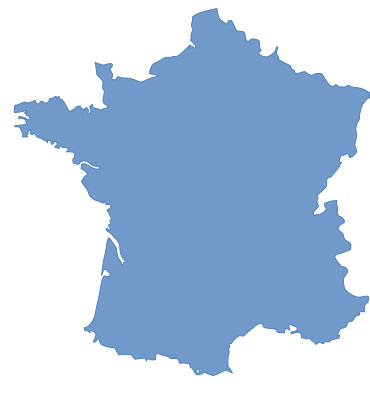

Type : Public and Private

Application deadline : March 31st for arrival in August, October 31st for arrival in January. Late application may be accepted, depending on availability and visa processing times.

Requirements : Students must be interviewed in their home country before being accepted on the program. A minimum of two years of French study (A2 Level) and good academic results are required.

PROGRAM	REF.	PROGRAM FEE
Public and Private <i>Fall Term</i>	ZFT1L	\$6,400

International boarding school in Paris (IB World School)

SCHOOL EXPERIENCE

Notre-Dame International High School is an IB World School dedicated to helping international students make the best of a bilingual and bicultural academic experience, French and American, while studying in France. Students are lodged either at the boarding house (5 day or 7 day boarding) or in a French host family.

KEY HIGHLIGHTS

- High School graduation opportunities after completion of the IB diploma.
- College Preparation course in Grade 11 and 12 (SAT Preparation course and TOEFL Course on request).
- French language support classes.
- Real international student body (24 citizenships represented at school).
- Located close to Paris city center, opportunities to sightsee in Paris and France, and discover the French and European culture.
- Safe residential area and exclusive surroundings, beautiful green and wooden campus

- Placement in local French host families for students with the required French skills, and various extracurricular clubs and activities are offered, as well as holiday camps.

SCHOOL SYSTEM

Notre-Dame International High School is a private American high school receiving students in grade 9 to 12. Notre-Dame offers high school education in English, leading to the IB Diploma Program. The school environment allows individualized learning through small sized classes and student-centered teaching method. The school also offers French language and culture program (Music, Studio Art, Physical Education). Graduation is possible.

Note: the below mentioned prices do not include the IB option and miscellaneous school fees (extra cost).

Location : Verneuil-sur Seine

Boarding : Full board / Full board on weekdays and half board on weekends

Accommodation : Host family / Residence + Host family / Residence

Length : Semester / Academic Year

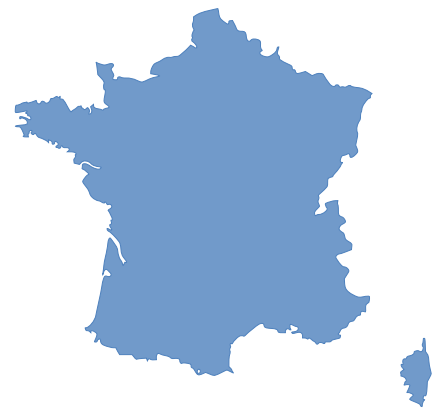

Type : Private Boarding / Private
